## INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.
PCT/US04/17461

Box No. I Basis of the report
1. With regard to the language, this report is based on the international application in the language in which it was filed, unless otherwise indicated under this item.
This report is based on translations from the original language into the following language, which is the language of a translation furnished for the purposes of:
international search (under Rules 12.3 and 23.1(b))
publication of the international application (under Rule 12.4)
international preliminary examination (under Rules 55.2 and/or 55.3)
2. With regard to the elements of the international application, this report is based on (replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed"  ———————————————————————————————————
the international application as originally filed/furnished
the description:
pages 1-24 as originally filed/furnished
pages* received by this Authority on pages*
The second of the relationship of
the claims:
pages as originally filed/furnished  pages* 25-27 as amended (together with any statement) and a Article 10
pages* received by this Authority on received by this Authority on
the drawings:
pages 1-7 as originally filed/furnished pages* received by this Authority on
pages* received by this Authority on received by this Authority on
a sequence listing and/or any related table(s) - see Supplemental Box Relating to Sequence Listing.
3. The amendments have resulted in the cancellation of:
the description, pages none
the claims, Nos_none
the drawings, sheets/figs none
the sequence listing (specify): none
any table(s) related to the sequence listing (specify):none
This report has been established as if (some of) the amendments annexed to this report and listed below had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).
the description, pages none
the claims, Nos_none the drawings_sheats/5 grants
the drawings, sheets/figs_none
the sequence listing (specify): none any table(s) related to the sequence listing (specify): none
If item 4 applies, some or all of those sheets may be marked "superseded." m PCT/IPEA/409 (Box No. I) (January 2004)

## INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No. PCT/US04/17461

Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement						
1. Statement						
Novelty (N)	Claims NONE	ES 10				
Inventive Step (IS)	Claims NONE	ES IO				
Industrial Applicability (IA)	Claims 1-14         YI           Claims NONE         N					
2. Citations and Explanations (Rule 70.)						

2. Citations and Explanations (Rule 70.7)
Claims 1-14 meet the criteria set out in PCT Article 33(2)-(3), because the prior art does not teach or fairly suggest a network analyzer for analyzing a network device without applying reference signal to the device under test. Particularly, prior art does not teach generating and applying modulated signal to the network device and using the modulated output signal to analyze the properties of the network device.
